**\*A critical element of professional policing is ensuring the response to resistance we use is appropriate, legal, within policy, reviewed for improvement and enhanced training and supervised. Below is an abbreviated summary of the instances of our response to resistance to arrest:**

An officer conducted follow-up on a domestic incident that occurred the shift prior. The battery suspect had fled the scene prior to police arrival. The officer found the suspect walking around an industrial building nearby. He exited his squad car, drew his department-issued Taser, and gave the suspect loud verbal commands. The suspect complied and was taken into custody.
